AHMAD RAKHA HIDAYAT

Data Science & Management

Tangerang, Banten, Indonesia • rakha150@gmail.com • linkedin.com/in/rakha00s

PROFESSIONAL SUMMARY

Results-driven Data Management Analyst with nearly 3 years of experience as the sole data analyst within a R&D department. Proven ability to build data infrastructure from the ground up — standardizing workflows, designing reporting systems, and transforming raw field assessments into actionable insights. Skilled in R, Python, SQL, Power BI, and Excel, with a strong track record of improving operational efficiency and enabling data-driven decision-making at the management level.

WORK EXPERIENCE

Sinarmas Forestry, APP Group **Perawang, Riau**
Data Analyst, R&D Corporate **Aug 26 – Now**

- Collect, clean, and validate field trial data, documenting definitions and processes to ensure accuracy and integrity, and prepare auditable datasets for sustainability and compliance reporting.
- Analyze plantation and trial performance (productivity, harvest volume, growth, cost) using ANOVA, mixed models, regression, survival analysis, and GxE analysis to guide planning, clone selection, and silvicultural decisions.
- Present findings and recommendations to researchers through visuals, summaries, and presentations.

Santan Borneo Abadi, BHL Group **Balikpapan, East Kalimantan**
Data Management Staff, R&D **Sep 23 – Aug 26**

- Sole data analyst in the R&D department, building all data pipelines, analysis workflows, and reporting systems from scratch, including a centralized repository that ensures data integrity and traceability.
- Increased data processing throughput 5x (from 3 to 15 records per day) by standardizing data collection forms and criteria across field teams, enabling direct analysis in R and reducing inconsistencies in evaluation records.
- Deliver monthly KPI dashboards and performance reports to senior management, using report formats designed for non-technical stakeholders, and led 2026 R&D budget planning and cost control.

University of Bengkulu **Bengkulu**
Lecturer Assistant, Statistics **Feb 20 – Sep 22**

- Support 10 statistics courses (regression, time series, data mining, quality control, sampling, numerical methods, multivariate, nonparametric, spatial, and simulation), leading labs and discussion sessions built around real datasets.
- Prepare course materials, run help and exam review sessions, and grade assignments and exams with constructive feedback.

EDUCATION

University of Bengkulu **Bengkulu**
Bachelor Degree in Statistics | GPA: 3.77/4.00 **Aug 18 – Jan 23**

- Head of Human Resources Department, Statistics Students Association, 2021
- Vice Head, Statistics Students Association, 2020
- Member of Human Resources Department, Statistics Students Association | 2019

CERTIFICATION

- Data Analysis with R Programming, Google
- Data Management with MySQL Database, Cipta Karya Intelektual (CKI CENTER)

KEY SKILLS

Programming & Analytics
R, Python, SQL, Advanced Excel

Visualization & Reporting
Power BI, Dashboard Design, Management Reporting

Data Management
Data Standardization, Database Design, ETL / Data Cleaning

Domain & Soft Skills
Forestry / Plantation R&D, Statistical Analysis, Budgeting, Stakeholder Communication
